The Hon'ble Prime Minister, Government of India launched the same and told the nation to take a pledge, "Whatever I do should be for a developed India". He said, "Today every person, every institution, and every organization have to move forward with the pledge that whatever I do should be for a developed India. The focus of your goals and your resolutions should be only on developed India", PM Modi said this is the historic period when India is going to take a quantum jump.
